Trees Do Make A Difference

Trees make a community more attractive, a building more inviting. They play an important part in shaping our attitudes and state of mind.

Much of the charm that impresses our visitors depends upon our beautiful trees.

More and more property owners and business proprietors now realize that beautifying our community is both a civic responsibility and good business.

Please help make our city more beautiful by encouraging the planting of trees.

The City tries very hard to see that trees are watered and kept in vigorous condition.

Unfortunately, from time to time, these trees may be attacked by either vandalism, insects or disease, and die.

The City is not able to replace the Memorial Trees.
