City of Helena

Public Arts Committee

ANNUAL REPORT

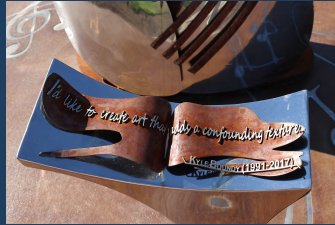

The mission of the Helena Public Art Committee is to cultivate, advocate, and preserve public artworks in the City of Helena.

We aim to develop and collaborate on projects that are a source of pride to residents, represent the unique and historical identity of our community, and are accessible to all.

Centennial Tunnel Mural Project

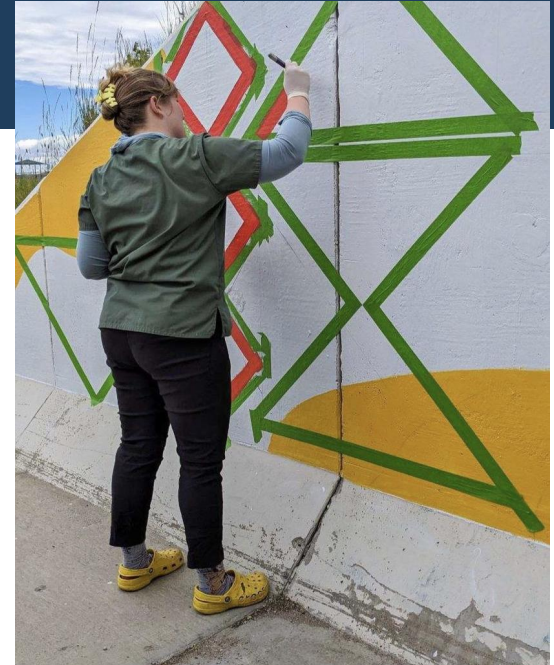

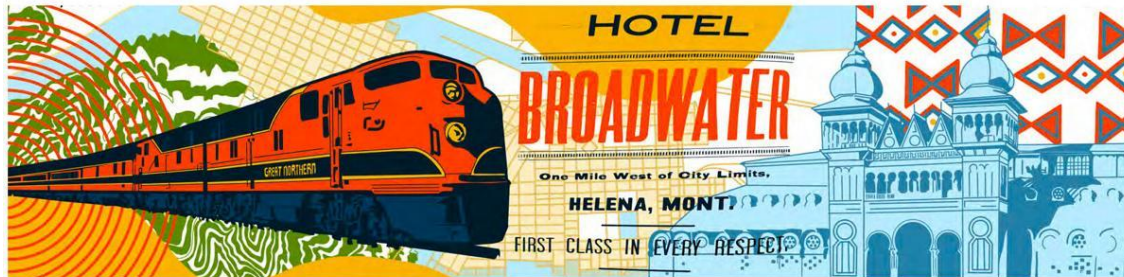

“A celebration of the inspirational art, history, and community that keep Helena moving forward.”

by Elise Perpignano

Completed: August 2023

Project Budget: \$15,000

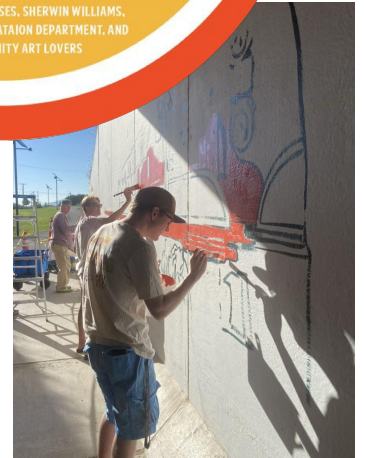

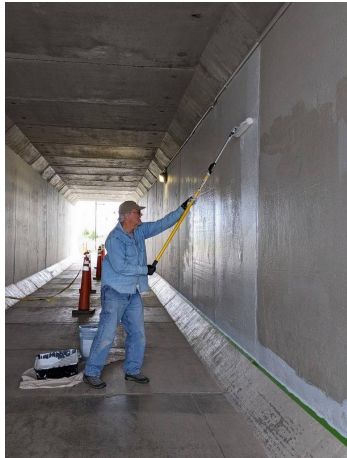

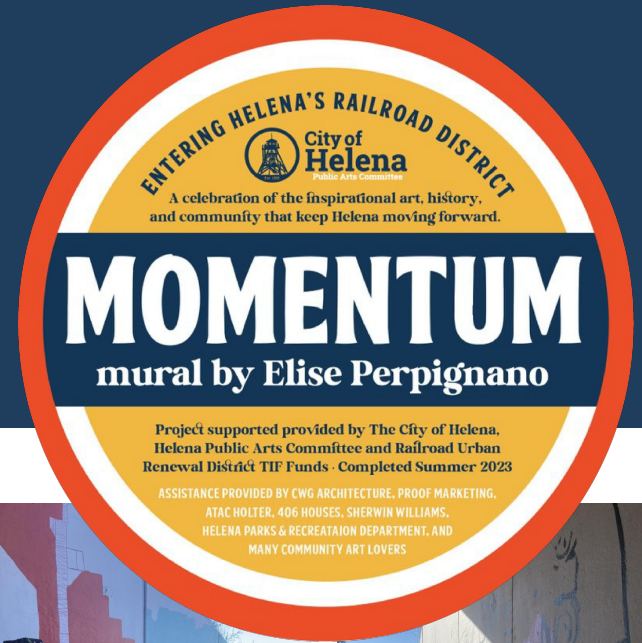

(\$7,750 in RURD TIF Funds)

Centennial Tunnel Mural Project

A collaboration with Helena Public Art Committee, Helena Open Lands Parks and Recreation Department, the City of Helena and the Railroad Urban Renewal District

Community assistance provided by CWG Architecture, Proof Marketing, ATAC Holter, 406 Houses, Sherwin Williams, and many community art lovers.

Looking forward...

Dumpster Art SPRING 2024

Transform 5 Trash Receptacles on City-owned properties with Public Art during live painting event

Project Budget: \$5,000

Community Collaboration

MATCHING FUNDS UP TO \$5,000

In recent years, the HPAC has been able to further its mission, and leverage its budget, by providing funding to public art projects developed and administered by external stakeholders. HPAC supports this successful model that encourages the creation of public art, and the recognition of its importance to our community, while minimizing the administrative workload on the City of Helena.

*** Currently accepting requests for proposals**

Public Art Map

HPAC has worked with City Staff to create a comprehensive database of over **50** pieces of public art throughout the City of Helena - with updated descriptions and photographs for all entries

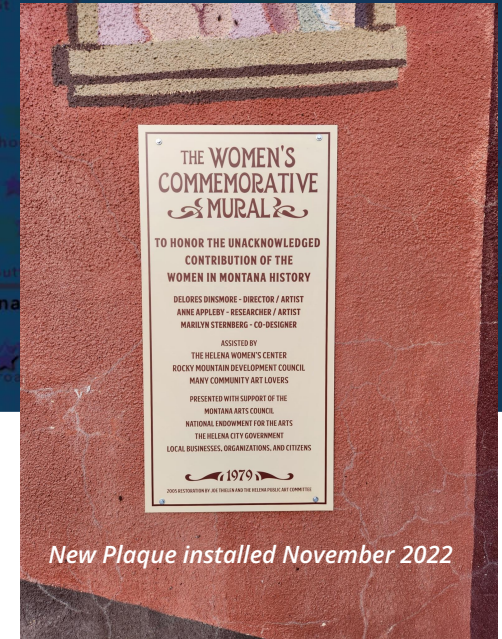

[Click here to take a tour of Helena's Public Art!](#)

Public Art Maintenance

HPAC will continue to work with City of Helena Staff to access and anticipate public art maintenance needs and the associated costs

Events

HPAC provides chalk donations and community outreach at downtown events throughout the year

New Plaque installed November 2022

FY25 Proposal

Lyndale Tunnel Mural

CENTENNIAL PARK

Estimated Completion: Summer 2025

Project Budget: \$20,000

Centennial Park is a widely used space for Helena residents of all ages. It features numerous sports fields, a bike path, a dog park, a skate park, playgrounds, as well as other amenities. Its proximity to Carroll College, the YMCA, and the Great Northern Town Center make it a prime location to feature Helena's next large-scale public art project.

It is the goal of HPAC to commission an artist or team of artists to transform the North face, South face, and tunnel side walls of the Lyndale tunnel with engaging and intriguing art, with designs that represent the unique identity of our community. The total square footage of the proposed area is approximately 2,400 square feet, and the completed mural will be sprayed with an anti-graffiti sealant.

HPAC will work to create partnerships with local organizations to collaborate on fundraising efforts, as well as applying for grants to offset the total cost (Downtown TIF Grant, NWE Charitable Giving Application) As well as utilizing previously earmarked funds for the Centennial Park murals (\$7,750)

FY25 Proposal

Traffic Signal Box Art

Estimated Completion: Summer 2025
Project Budget: \$10,000

It is the goal of HPAC to transform 8 blank traffic signal boxes across Helena with vinyl wraps designed by local artists.

HPAC will work to create partnerships with local organizations to collaborate on fundraising efforts to offset the total cost.

Over 19 blank signal boxes remain along major thoroughways across Helena, all owned by MDOT. An easement will be needed to wrap the remaining boxes.

Artist Commission of \$500 + \$750 per vinyl wrap = \$1,250 per signal box
8 signal boxes x \$1,250 = \$10,000
