ELECT24-0441	09/06/2024 R-2 Residential District F 0 <i>Description: I'm having a walk-in tub installed. The contractor has a permit for the installation. He was recently told that I am required to get a permit for the electrical outlets I installed even though I am the homeowner and this is my residence. There is one dedicated 20 amp GFCI protected outlet for the the pump motor, and one 20amp GFCI protected outlet for the aeration pump that has 2 daisy chained outlets downline which are protected through the initial outlet. There is also a junction box that has been added. We found this junction hidden in the flooring with no access. The outlets and junction box are easily accessible via a removeable wall panel in the stairway.</i>	09/24/2024	03/23/2025 \$0.00	\$56.00	09/24/2024 Tammy Dupree	Yes
