1275 MAPLE STREET SUITE F, HELENA, MT 59601 | 406.443.3962

The West Side Woods Subdivision is not located within any special flood hazard area, see included FIRM map. Based on this no base flood elevations are provided, or none were developed for this project. A preliminary engineering report was developed that address grading and drainage and storm water treatment for the proposed subdivision. Please see the preliminary engineering report section for additional information on grading and drainage and storm water treatment.
